Everyone's a Winner...

when you support Hospice

The mission of Hospice is to provide compassion and care to terminally ill patients and their families. Hospice caregivers have the special training and expertise necessary to serve patients with a coordinated program of palliative (comfort) care and support. The quality and compassionate services provided by Hospice help patients and families facing the myriad of issues associated with end of life care.

*Dear Friends of Upper Chesapeake Hospice,
We are sincerely grateful for your generosity.
Through your support, we are able to continue to
assist persons in their last phase of life to live as
fully and comfortably as possible. Hospice care
affirms that terminally ill patients are able to die
at home with family and friends, or in a home-like
environment. Your support directly helps patients
in our Harford County community.*

Sincerely,
Shari LoPresti
