

Bariatric/General Surgery Opportunity

Position immediately available for an experienced **bariatric surgeon**. Candidates qualified for a **clinical leadership position** preferred.

The **Upper Chesapeake Health Bariatric Program** is accredited as a **Level 1** facility by the Bariatric Surgery Center Network (**BSCN**) Accreditation Program of the American College of Surgeons. The program received accolades from the surveyors for being multidisciplinary and patient-focused. Our team is highly experienced and dedicated to quality; we offer patients the **option of Laparoscopic Roux en Y Gastric Bypass and Laparoscopic Adjustable Gastric Binding**.

Surgeons with **fellowship training** in minimally invasive/bariatric surgery highly preferred; bariatric case history with high quality outcomes required. **Market competitive salary, robust benefits package**, and stability of a hospital employed position offered. Opportunity to maintain broader surgical skills and interesting case mix by doing general surgery work. Package includes relocation assistance and strong marketing support.

Enjoy big city amenities in a comfortable, family-oriented suburban setting which offers diverse cultural, recreational, educational and employment opportunities.
