

Palliative Care Nurse Practitioner

Upper Chesapeake Health is two hospital system in Harford County, Maryland looking for a Nurse Practitioner to serve as a member of the Palliative Care Team. The Palliative Nurse Practitioner provides consultation in **palliative care, symptom management and supportive care** to meet the needs of the patient and families as requested by the referring physician. You will practice in collaboration with the Palliative Care Medical Director and will coordinate care and **services for acute inpatients and families** across our two hospitals. In this highly visible position, you will serve as a role model and mentor to physicians and nurses while providing active support and collaboration with the primary care team. Educational efforts in palliative care are key elements of this work.

Requirements:

Master's degree, Nurse Practitioner with a Maryland license, prescriptive ability in the state of Maryland with a current DEA certificate required. The ideal candidate will have a minimum of 2 years of experience, preferably in palliative care, oncology, and/or hospice. Must have excellent assessment, diagnosis and treatment skills, excellent communication skills and be self directed, motivated, and highly organized.
