

Hospitalist Group Expanding!

Our solid, established program has been in place since 2003. The team includes fourteen physicians and we are expanding to sixteen in 2011. Practice with a comfortable work schedule (7 on/7 off), no nights in-house and an average of 15 patients per day. Practice includes physician assistants and nurse practitioners.

Facilities are quality excellence winners with advanced technology. The hospitals have wireless access to patient information, test results and pharmacy information, and also voice-activated transcription.

The generous compensation package is very competitive with bonuses and incentives based on quality and productivity. We also provide a full range of benefits including malpractice, health, dental, disability, vision, and prescription insurance, CME reimbursement and free on-campus parking.
